

Envision

The UBC AIChE Student Chapter

Sponsorship Package

ABOUT UBC Envision

UBC Envision is a student-led team based at the University of British Columbia, dedicated to fostering innovation, collaboration, and leadership in chemical and biological engineering (CHBE) students.

Our mission is to provide students with meaningful, hands-on opportunities to apply their classroom knowledge to real-world challenges. By leading technical projects, participating in competitions, and engaging with the broader community, UBC Envision empowers students to grow as engineers, leaders, and changemakers.

Our Teams

At Envision, our design teams are where ideas become reality. Each team empowers students to collaborate across disciplines, apply engineering fundamentals, and create solutions to real-world challenges.

Whether it's through national competitions or internal showcases, every team gives members the chance to build, lead, and innovate.

Our Teams

 Green Joule : Green Joule focuses on producing algae-based biofuels by optimizing algae growth and extraction, aiming to make renewable fuels more efficient and sustainable.

 Chem-E-Car : Chem-E-Car designs small vehicles powered and stopped entirely by chemical reactions. The team recently won first place at the AIChE Pacific Northwest Regional Competition, qualifying for nationals.

Why Sponsor us?

Your Sponsorship helps fund project materials, outreach, and competition travel. In return, your organization will:

- Gain exposure to UBC CHBE students
- Build relationships with talented future hires
- Be featured on social media and promotional material
- Support student-led innovation and sustainability

Sponsorship Tiers

Note: All sponsorship tiers are in Canadian dollars (CAD)

Tier	Bronze	Silver	Gold
Contribution	\$250	\$500	\$1000
Social media feature	✓	✓	✓
Logo on website		✓	✓
Event Recognition			✓

Let's Chat!

We would love to connect and further discuss how your organization can support our mission.
